- A clean sweep: the mobile phone case also covers the side buttons - this protects against dust and enables a perfect pressure point

- Shock-resistant corners thanks to material reinforcement for even more safety in the event of bumps and falls
- The highlight: the mobile phone with the bag lies flat on the table etc. with the small feet on the corners, creating a straight surface with the camera protection so the mobile phone does not wobble
- Non-slip, scratch-resistant faux leather with a good grip does not slide easily out of the hand, off the table or other surfaces
- Flexibility: easy to attach to your smartphone
- Suitable for wireless charging
