Highlightstext:

- Classic and chic protection for the Apple iPhone 17 Pro/18 Pro: mobile phone case with elegant and pleasant surface
- A sophisticated hand flatterer: the surface of the protective case in silky rubber-oil finish looks and feels good
- Non-sticky: special rubber oil surface prevents crumbs from sticking to the phone cover and allows the phone to be removed from trouser pockets, jacket pockets and handbags in one go
- With an eye-catcher: the elegant design on the back of the phone case beautifully showcases the magnetic ring
- The mobile phone case is compatible with original Apple MagSafe and magnetic Hama Wireless Charging chargers
- Compatible with magnetic accessories from Hama
- Integrated, perfectly orientated magnetic ring allows wireless charging
- Perfect auto-positioning, optimised for wireless chargers
- A clean sweep: The mobile phone case also covers the side buttons - this protects against dust and enables a perfect pressure point
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket
- Scratch-resistant back cover: rubber-oil finish exterior is resistant to keys, pens and coins in trouser, hand and jacket pockets
- Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos
- Additional protection for the mobile phone display: The mobile phone cover has a raised edge all around - so the touchscreen is better protected
- Softly bedded: soft inner lining to protect the sensitive back of the smartphone
- Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood

- Flexibility: easy to attach to your smartphone
- Suitable for wireless charging
