OTTERBOX EXTENDED POWER CABLE / 240W USB-C to USB-C - 2M

PRODUCT MESSAGING

The future of fast charging is here.
Meet 240W of extended power delivery, which is enough to power almost anything that uses USB-C. No more guessing if your cable is good enough for your latest tech. It works with everything — Apple, Samsung, Google and beyond. And because a great charging experience shouldn't feel like a chore, we engineered your 240W USB-C charging cable with a braided jacket over durable silicone that's a pleasure to handle. It's tough enough for daily abuse but flexible enough to coil up neatly. Finally, a cable that can keep up with you.
