

## Keyboard wired

00182630 "EKC-400" Ergonomic Keyboard, with Wrist Rest, black

### Highlightstext:

- Keyboard with swing: for more comfort and an ergonomic sitting posture at the workplace
- The ergonomic keyboard supports a natural posture and thus prevents overstraining and pain in the arms, shoulders and neck
- Tilt adjustment allows the position to be adjusted for greatest comfort
- Laser-etched buttons for a high resistance to wear
- The full-format keypad provides you with the full-sized, familiar keyboard standard
- Control multimedia functions at the press of a button via the secondary assignment of Fn keys - without having to involve the tedious steps of changing system settings
- Healthy and efficient: excellent ergonomic features ensure precise and effortless typing- The removable, magnetic wrist rest additionally promotes an ergonomic workplace and is easy on hands and wrists- Rubber feet for non-slip stability of the keyboard on all surfaces- No additional software required - simply plug in and start
