

PRIMEMINI SLIM 2

PRODUCT DATA

SLIM,
SILENT,
POWERFUL,
EASY TO PLACE,
ROBUST.

Slim performance

The PrimeMini Slim 2 is one of our thinnest mini PCs. It is just 3.8 centimetres high, including the feet. In combination with the super-flat custom-made Vesa mount, the PrimeMini Slim 2 can be placed almost anywhere.

The 10th generation Intel Core i5 processor ensures excellent performance and guarantees the availability of the latest CPU features.

The PrimeMini Slim 2 is 100% climate-neutral. The low power consumption, excellent reliability and long product life already significantly reduce the CO2e footprint. Prime Computer fully offsets the remaining greenhouse gases generated during production, shipping, the first 5 years of use and disposal.

Versatile connections

With a full-size HDMI and a full-size DisplayPort interface, installing multiple screens is child's play. Like all PrimeMinis, the PrimeMini Slim 2 is equipped with high-quality SSDs for storage. Up to 32GB RAM provide constant performance. The Wi-Fi is installed as standard. Whether with Windows or Linux, the PrimeMini Slim 2 shines with its compatibility.

Highlights

- ✓ Intel Core i5 10th generation processor
- ✓ Onboard dual-band Wi-Fi and bluetooth
- ✓ Full-size HDMI and DisplayPort
- ✓ 6 USB ports
- ✓ Ultra-slim with 3.8 cm height
- ✓ IP51 certified
- ✓ 100% climate neutral

SPECIFICATIONS

AL-PMSL-i5-16G-500G-LU-WIFI-0

PC form factor	Ultra Slim
Color	Black
Number of processors	1
Processor family	Core i5 10th Gen
Processor model	Intel Core i5-10310u
Processor clock frequency	1.7 GHz
Max turbo clock frequency	4.4 GHz
Max TDP	15 W
Number of processor cores	4
Number of threads	8
Cache	6 MB SmartCache
SSD storage	500 GB
RAM	1x 16GB DDR4
RAM form factor	SODIMM 260
Number of RAM slots	2
Wi-Fi & Bluetooth	Intel Wireless AC 7260 + BT 4.0
Wi-Fi standard	802.11ac
Wi-Fi transfer rate (max)	867 Mbit/s (Dual-Band)
