

Dell Premier Wireless Mouse – WM527

Spec Sheet

Enhance daily performance and productivity

Improve your day-to-day performance with the Dell Premier Wireless Mouse - WM527. Easily navigate on almost any surface, including glass and high-gloss surfaces with the 1600 dpi laser mouse.

Enjoy the freedom to choose your wireless connection

With the choice of wireless connectivity, you can easily switch between three devices-desktop, laptop, and mobile devices-using 2.4GHz wireless or Bluetooth LE.

Connect compatible devices with Dell Universal Pairing and Bluetooth LE

The nano dongle connects the mouse and up to six total compatible devices using 2.4GHz wireless Dell Universal Pairing (Dell.com/Pair). This provides you with one dongle for your compatible devices, whether at your desk or on-the-go. For increased productivity you can simultaneously pair up to two compatible devices with Bluetooth LE.

Elegant design increases comfort for a more productive day

The ergonomically designed mouse allows you to work in comfort throughout your workday. Featuring a smooth arc shape, the mouse brings convenient shortcuts to your fingertips with five buttons. Constructed of premium materials, the mouse features an elegant design that will fit into virtually any workspace.

Long battery life for daily reliability

With 6 months of battery life, you don't need to worry about running out of power during your busy day.
