Professional Video Technology

Delivers high quality video at 1080p (1920x1080 @ 30fps) with automatic focus and large sensor for enhanced low-light performance.

Simple & Powerful Software

Customise your video settings with the click of a button. Use Kensington Konnect™ to optimise your focus, lighting and experience in any setting.

Wide Video Frame with Privacy

The 93° diagonal field of view is ideal for team meetings, lectures or presenting products. The integrated lens cover allows you to control when you are seen.

Versatile Positioning

Manually adjust your webcam up to 37° vertically and 360° horizontally to ensure the best camera angles. Take control with electronic pan, tilt and 2x zoom (ePTZ) to showcase you, your products, or your team.

Omnidirectional Stereo Microphones

Two microphones with noise-reduction technology ensure you sound professional in every meeting and presentation.

Kensington Ecosystem Compatible

Create a tailored setup based on your environment by combining with a Desktop Stand (K87651WW) and Ring Light (K87653WW) - other accessories also available.
