## PRODUCT

The Nollie Kiosk is an iPad POS stand specifically designed to be the face of your business. Made of high-quality aluminum, the Nollie Kiosk is light, yet robust and offers stylish, modern aesthetics with clear curves and "hanging" on-screen optics.

Extremely secure mounts with tamper-proof screws keep the iPad securely in place and allow stable use. The Nollie can be attached to the sales counter or supplemented by a secure swivel base or a safety cable lock; so it can be placed on different surfaces, such as a cash drawer. The Nollie has holders for credit card readers (SOLD SEPARATELY) that cover all aspects of the iPad POS kiosk and securely attach the readers. There are specially designed brackets for audio jack compatible swivel card peripherals.

*Not compatible with iPad Pro 2018 (3rd generation)*
