

Microsoft Surface Hub 2S Family

Fact Sheet

September 2020

Surface Hub 2S 85" coming January 2021. Pre-release product shown; product and features subject to change and may vary by country/region. Products and features subject to regulatory certification/approval; actual sale and delivery is contingent on compliance with applicable requirements.

Enable teamwork anywhere with the Surface Hub 2S family of devices, a Microsoft Teams-certified meetings platform and modern collaborative canvas. Remote or in the same space, from an individual's office to the board room, Surface Hub 2S can bring people together wherever they work. Meet, move, and team without boundaries.

Top Features and Benefits

Make remote meetings feel less remote. Bridge the distance between remote team members with a powerful meetings and collaboration platform that's Microsoft Teams-certified, whether your meeting room is for smaller teams or you need a large-room experience. In vibrant and clear life-sized video, you'll feel like remote team members are in the room with you on the brilliant, 4K screen.

Teamwork anytime, anywhere. From small group brainstorming to big team meetings, find the right fit. Choose the size, audio and video accessories, and Windows OS¹ your teams need, whether they meet in smaller, intimate groups or large teams that need a robust, Microsoft Teams-certified experience. For teams on the move, relocate from one room to another when you use Surface Hub 2S with Steelcase Roam™ Mobile Stands.²

Fluid team collaboration. Today's hybrid teams need to be able to collaborate now more than ever. Whether in the office or working remotely, teams can come together from anywhere to collaborate seamlessly in Microsoft Whiteboard and Microsoft 365 files with Surface Hub 2S devices. Project content wirelessly with Miracast, and natively run your essential business apps.

Manageability and security. Maintain control and security of every Surface Hub 2S device, wherever your teams work. Centrally manage settings and policies remotely through Microsoft Intune, and Windows 10 keeps data safe and secured.

¹Software license and download required (sold separately).

²Steelcase Roam Mobile Stands sold separately.

Windows 10 Pro and Enterprise on Surface Hub 2

Windows 10 Pro and Enterprise on Surface Hub 2¹ enables customers to break the monotony of sitting at one's desk all day and allows our customers to stand, move around and meet with remote participants more naturally and invitingly.

Users can quickly sign in with Windows Hello using the Surface Hub 2 Fingerprint Reader² which is exclusively available for use with Windows 10 Pro and Enterprise on Surface Hub 2.

With the availability of Windows 10 Pro and Enterprise* on Surface Hub 2, customers can also create custom kiosk mode configurations in targeted environments – just like you would on any Windows 10 PC. The possibilities are endless with Windows 10 Pro and Enterprise on Surface Hub 2.

The following table details the difference between Surface Hub 2S with Windows 10 Team edition and Surface Hub 2S with Windows 10 Pro or Windows 10 Enterprise:
