

Presenter

00139918 "Greenlight Pointer" Wireless Laser Presenter, 4in1, Laser Colour green

Highlightstext:

- 2.4 GHz RF presenter with green laser pointer also for screens and all other media (incl. LED and LCD screens) and many useful functions for the professional control of presentations
- Green laser is perfectly visible in bright surroundings
- Green presenter for screens too: thanks to its powerful beam of green light, the laser pointer is easily seen on LCD and LED screens, making it ideal for meetings, trade fairs, training, etc.
- Storable USB receiver can be transported inside the housing to save space
- 4in1 presenter: Laser Pointer, Full Screen/Black Screen at the Touch of a Button, PowerPoint Navigation- Ideal for presentations with graphics and calculations, for example in customer discussions, pitches or at product presentations- Presenter for leafing through or scrolling in Microsoft PowerPoint and other Office applications- Sits pleasantly in the hand and allows targeted control with distinctive buttons- On/off switch for battery-saving use- Advantage of a battery power supply: very long runtime and quick to change during the presentation- Wireless presenter guarantees maximum freedom of movement during the presentation (depending on ambient conditions)- High visibility: green laser pointer up to 50 m, 2.4 GHz RF reception up to 20 m
