

3-Way DC Charging Hydra Cable 3 Pin

ACC1009EUX

Description

Enhance the usability of your Targus powered docking stations with the Targus 3-Way Hydra DC Power Cable. Perfect for multi-user and multi-device (hot-desking) environments, this dock accessory supports three fixed Power Tip connectors, so you can charge different laptop models, making it ideal for multi-user / multi-device type environments.

Attach existing power tips and secure with self-locking collars to ensure tips stay in place; then connect the existing power cable for flexible connectivity. Works with on-board tips and power cable (not included). Powers one device at a time. Compatible with Dock171 & Dock177

Features

- Compatible with Dock171 & Dock177
- Self-locking collars ensure tips and power cable stay in place
- Supports three fixed Power Tip connectors, so you can charge different laptop models, making it ideal for multi-user / multi-device type environments
- Uses existing Targus power cable and power tips from your powered dock (not included)
