

## Wireless Charger

00201756 Wireless Qi2 25W Charger, Inductive Charging Pad, Fast Charging, 25 W, black

### Highlightstext:

- Wireless, efficient and safer than ever with the new standard for fast charging: sleek inductive charging station with Qi2 25W wireless charging featuring precise, magnetic alignment - simply place any compatible smartphone on the charger and charge it wirelessly
- Qi2 25W charger in high-quality design for the desktop: simply place the smartphone on the charging pad with the Qi2 25W standard and charge
- The integrated magnetic ring means that compatible devices can be easily docked onto the charger and perfectly positioned for efficient charging - without any fiddly manual alignment
- always at the maximum: The active air cooling system prevents the mobile phone from heating up during charging, guaranteeing maximum charging speed throughout
- High-quality and sturdy metal housing with a sophisticated finish
- Universal Qi2 25W standard: The induction charger works with all original Apple MagSafe products and Hama mobile phone cases with magnetic ring
- Wirelessly charge smartphones and other compatible devices with Qi2 25W technology
- Wireless fast charge technology guarantees extremely fast charging
- Smartphones in wireless charging-compatible cases do not have to be removed and can be charged wirelessly right away
- Connected devices are automatically detected and optimally charged
- Charging process optimized for the device which guarantees maximum charging speed
- Optimized charging process saves the battery thus extending its service life
- Table charger in appealing design looks good, feels good and fits perfectly in every office and home environment
- Charger with stand function for convenient use of the smartphone during the charging procedure
- That tedious search for a charging cable and the tangle of cables are no more thanks to the wireless charger
- Wireless fast charge: fast charger with charging speeds of up to 25 W
- Charging begins automatically after the smartphone is docked
- To end the charging process, simply remove the smartphone from the wireless charging pad
- Smart charging technology: wireless inductive technology (can be used with all compatible devices)
- Safe and intelligent charging: Overcharge, overvoltage and short circuit protection as well as foreign body recognition for maximum safety for smartphones, batteries and chargers
- Practical and magnetic: the wireless charger guarantees perfect alignment and a secure grip thanks to the Qi2 25W standard
- Backwards-compatible with all versions of Qi wireless charging technology (without magnetic alignment)
- Wireless charger with push-on clip on the back: simply open the clip to use the stand function
- Power supply via recessed USB-C socket so that the plug does not protrude annoyingly

### System Requirements:

- With wireless charging technology based on the Qi2 25W standard-compatible device (e.g. smartphone, AirPods, etc.).

### Note for Consumers:

The charger has a USB-C cable for connection to the power supply. To do this, a PD (Power Delivery)-enabled power supply unit or charger with USB-C socket is required that delivers a charging output of at least 45 Watts (available separately).

MagSafe-compatible Apple products and Hama products with magnetic ring can remain on the smartphone during the charging process.

Non-compatible sleeves must be removed before wireless charging.

This charger features the original Qi2 25W certification, which guarantees that the charging adapter meets the Qi2 25W standards in terms of performance and safety.

Please check the product information or operating manual of your device or contact the manufacturer to see whether your smartphone supports Qi2 25W.

## Wireless Charger

00201756 Wireless Qi2 25W Charger, Inductive Charging Pad, Fast Charging, 25 W, black

### Technical characteristics:

- Colour: Black
- Shade of colour: Black
- Connection: USB-C-Connector
- Input: 12V/1,67A, 15V/3A, 5V/3A, 9V/2,22A
- Charge Technology: Wireless Fast Charge
- Input Voltage Range from/to: 5-15 V
- Qi certification: Yes
- Upload Speed: Fast Charge
- Diameter: 59.19 mm
- Height: 19 mm
- Weight: 110 g
- Input Voltage 1 / Max. Input Current 1: 5 V / 3 A
- Input Voltage 2 / Max. Input Current 2: 9 V / 2.22 A
- Input Voltage 3 / Max. Input Current 3: 12 V / 1.67 A
- Input Voltage 4 / Max. Input Current 4: 15 V / 3 A
- Max. Output Power: 25 W
- Required accessories: Charger
- Recommended Use: Smartphone
- Suitable for: Handy
- Usage: Smartphone

### Delivery:

- 1 wireless Qi2 25W charger
- 1 USB-C cable, 1m
- 1 instruction manual
