ARTICONA USB-A + Dual Bluetooth LED Mouse

Article number: 4648284

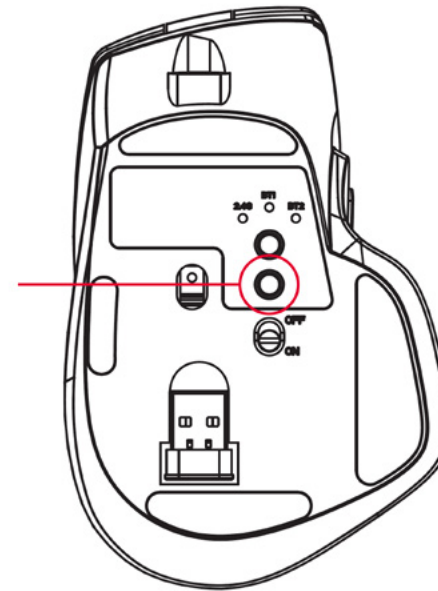

The ARTICONA USB-A + Dual Bluetooth LED Mouse is the perfect choice for mobile users looking for a reliable and versatile mouse. With 7 buttons, ergonomic design, and Silent-Click function, it is ideal for work. It is suitable for right-handers and comes in black.

The mouse is wireless and can be connected via USB-A dongle or Bluetooth, allowing for multi-device use with just one mouse. The LED lights give the mouse an elegant look and create a great atmosphere during use.

The ARTICONA USB-A + Dual Bluetooth LED Mouse is rechargeable and comes with a USB charging cable. Experience the highest comfort and precision with the ARTICONA mouse - your reliable companion for on-the-go.

LED Modes:

1. Continuous color change at low frequency
2. Continuous color change in higher frequency
3. Flashing color change in low frequency
4. Flashing color change in higher frequency
5. LED mode can be turned off by pressing the button for about 3 seconds.
