

## Night Light

00133752 Night Light with Socket and USB, 2.4 A, 2 Outputs, Brightness Sensor

### Highlightstext:

- Night and guide light for bedrooms and children's rooms, corridors, cellars, etc. with integrated 2-way USB-A charging function and socket
- Night light reacts in darkness to movement and switches itself on automatically
- Electronic devices can continue to be connected thanks to integrated socket, meaning no socket is lost
- Twin power with max. 2.4 A power supply for simultaneous charging of two devices
- The night light illuminates for around 30 seconds after activation
- Motion sensor: detection angle of around 120° and range of 2.5 m
- Ideal power supply to your USB devices at both USB outlets
- Socket with increased protection against accidental contact
- Very low consumption: approx. 0.3 W

### Technical characteristics:

- Additional Functions: Twilight Sensor
- Illuminant: LED
- Colour: White
- Light Colour: White

### Delivery:

- 1 night light
- 1 instruction manual
