

Office keyboard, hybrid

00173071 "WK-900 Ergo" Multi-Device Keyboard, Wireless, Divided, LED, blk, QWERTZ DE

Highlightstext:

- Ergonomic keyboard for healthy working on multiple devices simultaneously: office keyboard for the wireless control of computers, smartphones and tablets via Bluetooth or radio in combination with the USB-A receiver
- The ergonomic keyboard supports a natural posture and thus prevents overstraining and pain in the arms, shoulders and neck
- Ready to go anywhere: the multi-device keyboard has 1 radio and 2 Bluetooth channels and can therefore be connected to up to 3 devices simultaneously, switching between them with lightning-fast speed at the press of a button
- Softly embedded: the integrated wrist rest on the keyboard is perfectly padded and makes the workstation even more ergonomic by protecting hands and wrists
- Ergonomic typing feeling: the folding feet allow the typing angle to be adjusted - for non-slip, comfortable working at the computer keyboard
- A healthy stance against pain: maximum relief thanks to the negative typing angle when working on the ergonomic keyboard
- The ergonomic keyboard with divided key section is perfectly shaped for human hands - for a natural muscle and tendon posture without twisting
- Long-lasting and sturdy scissor keys: ideal for intuitive, fluid and quiet typing even at very high input speeds
- More productive with artificial intelligence: Assist button activates the cross-program AI assistant
- Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings
- Enable and disable the FN lock easily: swap the primary and secondary assignment of the F1 to F12 keys - so you can use the multimedia functions directly via the F-keys, for example, without having to keep the Fn button pressed too
- The brightness of the illuminated keyboard can be dimmed and ensure optimised handling in the dark, ideal for spontaneous ideas and quick notes at any time
- Powerful and rechargeable: the integrated lithium polymer battery in the wireless keyboard guarantees maximum flexibility
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- Safety first: the wireless keyboard encrypts all key strokes according to the AES-128 encryption standard
- A place of its own: the stowable USB receiver can be transported in a space-saving manner inside the keyboard housing
- Convenient on every level: the space-saving 90% keyboard with number block brings the mouse and keyboard closer together, allowing ergonomic working and meeting all the requirements of the office and home office
- The laser-printed keys on the wireless keyboard ensure excellent wear resistance
- Reliable Bluetooth and 2.4 GHz radio technology with a range of 10 metres (depending on use and environmental conditions)
- Separate On/Off switch for the wireless keyboard
- Standby mode after 5 minutes of inactivity of the wireless keyboard
- The radio receiver connects the keyboard and laptop, etc. - simple Plug and Play without driver installation
- The housing and keys of this keyboard are made of 65% recycled ABS plastic

System Requirements:

- All functions can be used with the Windows 11/10 operating systems
- May be usable to a limited degree with the MacOS 11 or later, iOS 14 or later, iPadOS 14 or later or Android 8.0 or later operating systems
