

Extended Security and Warranty Bundle

When you choose HMD Pulse+ Business Edition, you're investing in long-term peace of mind. Enjoy 5 years¹ of security updates and a 3-year warranty, minimizing risks and ensuring uninterrupted business operations. Sit back and relax, knowing your investment is safeguarded against unforeseen tech challenges.

Naturally its Android™ Enterprise Recommended and designed with enterprise-grade security features, such as biometric authentication, encryption and remote wipe.

Deploy HMD Pulse+ Business Edition right out of the box with Zero-touch enrolment.

Repair it Yourself or Call In The Professionals.

With the HMD Pulse+, your team won't need an engineering degree to handle repairs. Replace a damaged display, bent charging port, scratched back cover or a depleted battery. Just head to the HMD Repair Hub for spare parts and step-by-step guides³

Empower your team to handle repairs in-house with ease.

But hey, we get it, sometimes you need a pro's touch. That's where DHL Express Door to Door Care comes in. From anywhere in Europe, just schedule a pickup, and we'll take care of the rest, ensuring swift, hassle-free repairs right from your doorstep, keeping your business running smoothly.

European Data Storage for peace of mind.

The storage and processing of customer data collected from our global phone and tablet device variants is centralized on a Google Cloud Platform based in EU, complying with the GDPR requirements.

¹From the global launch date of HMD Pulse+ Business Edition.

²Based on a real life usage test by HMD Global. See more info at www.hmd.com/hmd-pulse-plus.

³Details available at www.hmd.com/self-repair.

⁴Pre-installed system software and apps use a significant part of memory space.

⁵Up to 6GB. Using memory extension (virtual RAM) requires enough storage space. To protect the storage, memory extension is automatically and permanently disabled once 90% of the usage limit is reached. This can occur after 4 years of heavy usage.

⁶Battery has limited recharge cycles and battery capacity reduces over time. Eventually the battery may need to be replaced.

⁷Battery has been tested by HMD Global to maintain at least 80% of its original capacity after 800 full charging cycles.
