

Productivity on the go is a snap

DELL LATITUDE 2-IN-1 TRAVEL KEYBOARD

Precise operation

Full-sized, backlit, chiclet-style keys with a high-precision, gesture touch pad.

Natural experience

Transition seamlessly between tablet and laptop modes with a snap-on magnetic connection.

Warranty

Rest assured that your travel keyboard is protected by Dell's 1-year Limited Hardware Warranty.

Built for business

PRODUCTIVE

Be productive on-the-go

Slip the thin and lightweight Dell Latitude 2-in-1 Travel Keyboard into your bag and head out to your next meeting or business trip. You'll be able to remain productive on-the-go with the laptop-like experience of the Travel Keyboard. Simply snap the Travel Keyboard onto your Dell Latitude 5290 or 5285 2-in-1 detachable when you're ready to work or fold it on top of your tablet to protect the screen from scratches in transit.

NATURAL

Natural typing experience

Type comfortably on full-sized and well-spaced chiclet style keys, just like the best laptops offer. Whether you're in a dim hallway or bright room, backlit keys will keep you productive regardless of the lighting. Plus, navigation is a breeze — a high-precision, gesture touch pad makes it easy to make selections on screen and move from one application to the next.

COMFORTABLE

Adjustable for comfortable typing

Slide the keyboard into a flat position when you're working at a desk, then adjust the angle of the hinge when you're leaning back in bed at the hotel to send that last email of the day.

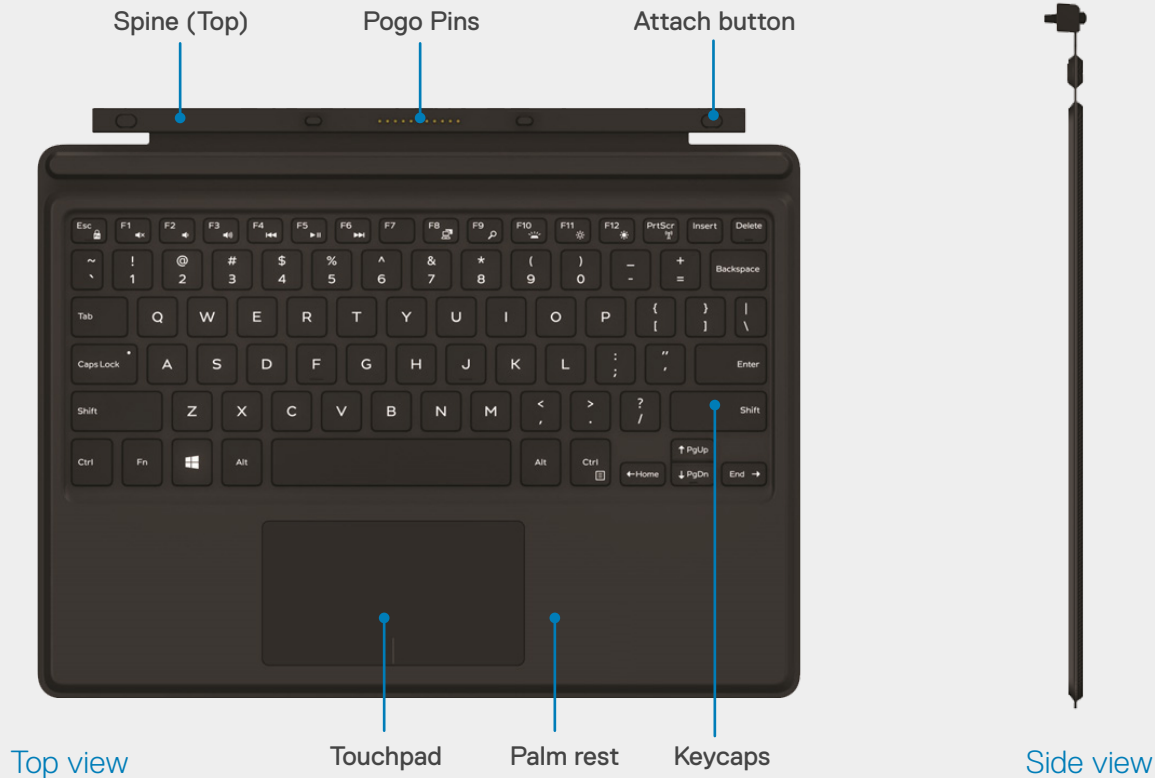

SIMPLE

Easily transition from tablet to laptop mode

When you're ready to get down to business and transition from tablet to laptop mode, a magnetic connection makes it simple to snap the keyboard onto your Latitude 2-in-1 and get started.
