

## Kensington ClickSafe® Anchor for Wedge lock slots — K67973WW

### Product Description

Allow your employees to use the superior and effortless laptop security of a ClickSafe® Keyed Lock, even if the laptop uses a Wedge lock slot. This ClickSafe® Security Anchor has been adapted to fit the small number of Dell systems that don't feature the industry-standard Kensington Security Slot. One-click, keyless engagement of a ClickSafe® lock increases employee compliance and offers anti-theft technology to keep your assets safer.

### Product information
