

Enterprise Hard Drive, Hot Swap, 2TB, 7200RPM, 3.5 inch (8.9cm), 12G NLSAS

Key Features

- 100% hardware compatible HDD / SSD
- Plug & Play solution
- Complete kit incl. hot swap caddy
- Does not invalidate OEM warranty
- 5 Years advanced replacement warranty

Origin Storage Ltd. manufactures a comprehensive range of compatible storage solutions for many branded servers, laptops and desktops. All compatible HDD and SSD solutions come with up to 5 years advanced replacement warranty and free pre- and post-sales technical support. Our offering includes 100% hardware compatible storage solutions in M.2, 2.5 inch and 3.5 inch form factors to suit your use cases with SATA, SAS or NVMe interfaces, and in a wide range of capacities and rotational speeds. All Origin Storage storage upgrades have been designed and tested for the specific system and, if necessary, mounted in the appropriate fitting kit / hot swap tray for an easy upgrade and 100% hardware compatibility (no software compatibility assured with tools like OpenManage or Insight Manager).
