

Office keyboard, hybrid

00173057 "WK-300" Multi-Device Keyboard, Wireless, Radio/Bluetooth®, blk, QWERTZ DE

Highlighttext:

- Connect several devices simultaneously via multi-device: compact office keyboard for the wireless control of computers, smartphones and tablets via Bluetooth or radio in combination with the USB-A receiver - a straightforward all-rounder at any desk
- Ready to go anywhere: the multi-device keyboard has 1 radio and 2 Bluetooth channels and can therefore be connected to up to 3 devices simultaneously, switching between them with lightning-fast speed at the press of a button
- More productive with artificial intelligence: Assist button activates the cross-program AI assistant
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- Simply swap: the cordless keyboard is battery-operated and does not need to be charged up in between - ideal for mobile working and life on the move
- Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings
- Enable and disable the FN lock easily: swap the primary and secondary assignment of the F1 to F12 keys - so you can use the multimedia functions directly via the F-keys, for example, without having to keep the Fn button pressed too
- Simply silky: quiet keys ensure undisturbed and relaxed working with the wireless keyboard - for intuitive, fluid and quiet typing
- A place of its own: the stowable USB receiver can be transported in a space-saving manner inside the keyboard housing
- Comfortable in every respect: the space-saving 90% keyboard with number block brings the mouse and keyboard closer together and meets all the requirements of the office and home office
- Reliable Bluetooth and 2.4 GHz radio technology with a range of 10 metres (depending on use and environmental conditions)
- Standby mode after 5 minutes of inactivity of the wireless keyboard
- The radio receiver connects the keyboard and laptop, etc. - simple Plug and Play without driver installation
- The housing and keys of this keyboard are made of 65% recycled ABS plastic

System Requirements:

- All functions can be used with the Windows 11/10 operating systems
- May be usable to a limited degree with the MacOS 11 or later, iOS 14 or later, iPadOS 14 or later or Android 8.0 or later operating systems
