

HEIGHTADJUSTABLE FLOOR STAND WITH VESA PATTERN

SKU: 147B

PRODUCT

Adjustable Height VESA Mount Security Floor Stand - 45 degree display Floor Stand

Compulocks Floor Stand is an Adjustable Height Floor Stand making it a good display solution for most environments.

Our Adjustable stand can be set to two heights: 100cm - 115cm. The VESA pattern allows an enclosure to be set in either portrait or landscape mode. Designed for maximum stability with a heavy steel base that provides cable management through the stand itself. Below the enclosure is a small storage area to hold the charging unit. This feature provides a secure solution to prevent the power cube from theft.
