Adapter USB Typ C - HDMI/DP/RJ45/USB/SD

Article number: 4391807

The new Articona adapter with DisplayPort and HDMI for versatile port expansion of notebooks, Ultrabooks, smartphones and tablets. Thanks to MST technology, the adapter enables the use of two video connections via a single USB-C port. What's more, you can connect network, USB and the power supply all in one go. The adapter also comes with an SD card reader.

- Multifunction adapter with dual display function
- Adapts USB-C 3.0 to HDMI, DisplayPort, Gigabit Ethernet (RJ45), 2 x USB-A 3.0, 1 x USB-C 3.0, SD card slot
- Supports resolutions of up to 3840 x 2160 pixel at 30 Hz (single display - HDMI or DisplayPort) or 1920 x 1080 at 60 Hz (for simultaneous use of HDMI and DisplayPort)
- With Power Delivery 3.0 up to max. 85 W for simultaneous notebook charging
- Supports extended desktop mode for two monitors
- 15 cm integrated cable
- Robust aluminium housing
