

## Portégé X30L-G-10H

## Superlight laptop. Heavyweight performance.

Lighter than light, stronger than strong. The dynabook Portégé X30L is a 13.3" ultra-lightweight business laptop specifically crafted to bring the latest technology to on-the-go workers.

A truly Modern Device, as defined by Microsoft's high standards, the 870g Portégé X30L is equipped to support exceptional performance, security and design, handling anything a day out of the office can bring. The high brightness Sharp IGZO FHD screen with 470 NIT, powerful 10th generation Intel® Core™ Processor combined with 14 hours and 50 minutes of battery life\*, as well as a USB Type-C port, all keep you going, and going, when working on the move.

And because it's been tested to rigorous MIL-STD 810G quality standards and offers comprehensive security options, you're fully protected – wherever your day takes you.
