ThinkVision T24i-30 Monitor

Inspired by design.
Designed to inspire.

Stunning power to get you ahead.

Locked and loaded with a whole lot of innovation, the ThinkVision T24i-30 Monitor is powered to help you seize every day. This ample 23.8-inch FHD IPS screen with a wide color gamut of 99% sRGB makes its vibrancy and color accuracy a delight to look at even from wide angles. You can adjust the monitor for a more convenient and enjoyable viewing experience with the ergonomic stand's tilt, lift, swivel, and pivot functions. Or simply VESA mounts it to save more desk space. With 90% screen real estate, it's built with a 3-side NearEdgeless bezel design, so your view has fewer distractions and more of what needs to be seen. Integrated Natural Low Blue Light technology reduces toxic blue light while delivering high-fidelity colors. In addition, the ThinkVision T24i-30 Monitor's TÜV Rheinland Eye Comfort certification, lets you do more by protecting your eyes from fatigue even during long hours at work. Take functionality to a whole new level by connecting an endless list of devices compatible with the connectivity hub, including VGA, DP 1.2, HDMI 1.4, and four USB 3.2¹ ports. Connect your external sound systems conveniently with the Audio Out port. You can also view more data and multitask more efficiently with multi-monitor support. This monitor packs a world of features without impacting the environment by following the latest TCO 9.0 regulations. The ThinkVision T24i-30 Monitor is a powerhouse built to make working a pleasure.

Features of ThinkVision T24i-30 Monitor

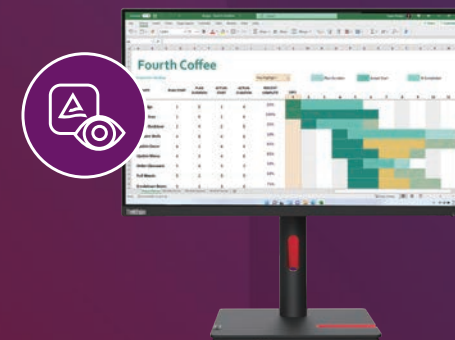

Envision the brilliance

It's easy to admire the ThinkVision T24i-30 Monitor's vivid and dynamic picture quality from any angle with its FHD IPS display. The 99% sRGB color gamut brings to life brilliant color accuracy, especially important when dealing with visual tasks. With the ergonomic stand, you can lift, tilt, swivel, and pivot the monitor conveniently for a comfortable viewing experience, that's convenient especially while collaborating. Its lift range, at 155 mm, is comfortable for most users. At its lowest position, the ThinkVision T24i-30 Monitor is designed to enhance your comfort every minute of the day.

Extensive connectivity

Widen your horizons by plugging an extensive range of devices and accessories into the ThinkVision T24i-30 Monitor, with a comprehensive range of ports, including VGA, DP 1.2, and HDMI 1.4. Customize your audio experience for shared meetings and content by plugging your external audio systems with the Audio Out port. Need to import or export large files? No problem. The four USB 3.2¹ ports allow you to transfer data at a super speed of 5 Gbps so that nothing slows you down. The ThinkVision T24i-30 Monitor lets you do more by expanding your view vertically or horizontally by connecting additional screens with multi-monitor support.

Environment-friendly. User-friendly.

Navigate and customize the ThinkVision T24i-30 Monitor's settings to your preferred settings with the easy-to-use joystick placed behind the screen. The monitor features Natural Low Blue Light technology reducing harmful blue light without compromising high color fidelity. TÜV Rheinland Eye Comfort certification keeps your vision refreshed and fatigue-free even after hours of work. This monitor brings you the best features with minimal impact on the environment throughout its lifecycle. It's made in compliance with the latest TCO 9.0 regulations and made with 90% recyclable materials and is fully packaged using paper pulp, to protect the planet.

¹ Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration and operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: 5 Gbit/s for USB 3.2 Gen 1; 10 Gbit/s for USB 3.2 Gen 2 & 20 Gbit/s for USB 3.2 Gen2x2.
