

Security Lock Pro, Single

Premium notebook lock

A notebook can be stolen in an instant. Expensive hardware and important data are lost. This can also involve a lot of work and great expense. Police, insurance, data recovery etc. Targeted prevention is the answer. With a quality lock from DICOTA. Easy, convenient and effective. Ideal for use in the office, in cars or in hotels.

This DICOTA lock fits almost thanks to the integrated rubber bumper for all standard lock slots. Notebooks, projectors, printers and monitors can be effectively secured. With a length of 200cm and a diameter of 5.2 mm, the steel cable is designed to be extra long and extra strong. Two keys are included. Thanks to the "push-to-lock" function, the lock can also be secured without a key. This lock is a standalone version and cannot be integrated into a superordinate lock system.
