

BOOST↑CHARGE™

Universal Cable

Power and sync USB-C®, micro-USB, and Lightning devices with an all-in-one cable. It's compatible with many of your most-used items like smartphones, tablets, and power banks, making it perfect for travel or crowded charging stations. Simply connect the USB-A end to your computer or charger and you're ready to go. MFi certification means you can plug in with confidence to Apple devices using the Lightning connector, and the USB-C and micro-USB connectors allow the cable to work with almost any other device.

Product Benefits

1. Power and sync micro-USB, USB-C, or Lightning devices with a single interchangeable cable.
2. Supports Android™ devices, Apple devices, and accessories such as power banks, digital cameras, and headphones.
3. Designed with cable-management hooks to keep the connector ends together, tangle-free, and easy to use.
4. MFi certification from Apple means this Lightning connector has been specifically designed to provide safe, optimal charging for iPhone and iPad devices.
