

# Quick guide

Through its extensive channel network Eaton offers a range of warranties and service extensions for plug-and-play and hardwired UPSs up to 200kVA power range. The different options available mean you can choose the most beneficial method to safeguard your equipment performance and reliability.

## Extended Warranties

### Warranty+1

This service gives you a peace of mind for **1 or 3 years** in addition to the warranty of the product.

- The product is covered by a **standard exchange**
- Shipping costs covered by Eaton
- **Professional helpline during working hours**
- This offer covers both electronic parts and batteries\*

### Warranty+3

## Remote Monitoring with Extended Warranties

### Connected Warranty+1

### Connected Warranty+3

**Extend the warranty for 1 or 3 years** and get the full peace of mind thanks to **Eaton devices 'supervision**

- **Cyber Secured Remote monitoring** for the covered time
- **Monthly Health report**
- **Professional helpline during working hours**
- **Standard exchange** of the equipment speeded up thanks to the remote diagnostic
- Electronic parts and batteries coverage \*

\*Normal battery aging and « recommend battery replacement» message visible on the display do not imply batteries' faults and therefore are not covered by the warranty

**Eaton Extended Warranties can be bought only during standard warranty or extended warranty period.**
