

# HP Poly Mission 625 Stereo USB Wired Headset (C01C6AA)

## Übersicht

### Comfort meets performance

Built for long days and countless calls, the HP Poly Mission 625 headset blends exceptional comfort with high-quality audio and easy USB connectivity — helping teams stay focused, productive, and connected all day.

### Custom fit for long days

Designed for all day comfort – the adjustable padded headband pad and plush memory foam earcups provide a personalized fit that supports focus and reduces fatigue — even through all-day meetings.

### Simple, reliable connections

Plug in and get to work. With USB Type-C® and USB Type-A compatibility, intuitive inline controls, and easy device management via HP Poly Studio App, setup is effortless and reliable for every user, every time.

### Always clear, always professional

When your workday gets loud, HP Poly Mission 625 headset helps your voice shine through. Noise-canceling mics and AI noise reduction[1] keep conversations professional and distraction free, so your calls are clear and focused.

### Für eine bessere Zukunft konzipiert

This headset is thoughtfully designed containing at least 30% post-consumer recycled plastics[2] and shipped in paper-based packaging[3].

## Funktionsmerkmale

### AI noise reduction[1]

AI noise reduction[1] detects and filters ambient sounds so only your voice comes through. Meetings stay quiet and focused without manual muting.

### SoundGuard Digital

SoundGuard Digital[5] technology controls sudden audio spikes and continuous noise to keep levels safe and comfortable throughout the day without distorting speech quality.

### Super wideband audio

Super wideband audio captures a broader frequency range to reproduce voice detail and tone more naturally. Conversations sound closer to in-person speech for clearer calls.

### 32 mm speaker drivers

Large 32 mm drivers deliver richer audio and sharper clarity, making voices easier to recognize and reducing listening fatigue during long sessions.

### Rotatable microphone boom

A 285-degree rotating microphone lets users wear the boom on either side for comfort and control. Quick upward movement automatically mutes the mic for seamless silence when needed.

### On-ear busy light indicator

360-degree visible busy light, on both earcups illuminate red during calls to let others know you are engaged. A simple visual cue helps reduce interruptions and maintains focus in shared workspaces.

---

*[1] On-device AI reduces typical background noises, allowing the user to be heard clearly improving the overall user experience.*

*[2] Post-consumer recycled plastic is expressed as a percentage of the total weight of plastic.*

*[3] HP paper-based packaging is reported by suppliers as recycled or certified, with a minimum of 97% by volume verified by HP. Packaging includes box and inserts.*

## Technische Daten

<b>Audio</b>	Microsoft Teams Open Office certified; AI enhanced transmit noise reduction; Super wideband audio
<b>Abmessungen (B x T x H)</b>	170 x 180 x 40 mm
<b>Abmessungen (B x T x H)</b>	6.7 x 7 x 1.6 in
<b>Gewicht</b>	147 g
<b>Gewicht</b>	0.32 lb
<b>Paketabmessungen (B x T x H)</b>	210 x 185 x 55 mm
<b>Paketgewicht</b>	317 g
<b>Technische Daten zur Nachhaltigkeit</b>	Paper-based packaging; At least 30% post-consumer recycled plastic
<b>UPC-Nummer</b>	(ABB) 199642899285; (AC3) 199251820878
<b>Herstellergarantie</b>	2 Jahre Poly Standard-Herstellergarantie
<b>Lieferumfang</b>	Headset; USB Type-C® to USB Type-A adapter; Carrying case; Quick start guide; Warranty card; Product notice

## Zusätzliche Spezifikationen

<b>Abmessungen Umverpackung (imperial)</b>	22.63 x 7.87 x 9.05 in

<b>Zertifizierte Kollaborationssoftware</b>	Microsoft Teams certified; Google Meet certified; Works With Chromebook certified; Zoom Workplace Headset certified; Zoom Workplace Contact Center certified

---

*[4] HP Poly SoundGuard Digital includes G616 anti-startle protection which limits the noise level to below 102 dB SPL and is compliant to the Australian Communications Industry Forum (ACIF) G616 recommendation; HP Poly owned proprietary Advanced Audio Limiter, compliant to ACIF G616; and Average Daily Noise Exposure that measures and controls sound to prevent the Average Daily Noise Exposure from exceeding 80 dBA or 85 dBA time-weighted average (TWA). HP Poly Studio App is required to enable SoundGuard Digital features. HP Poly SoundGuard protects against Acoustic Shock by limiting sounds to below 118 dBA. This feature is enabled by default and is not a user configurable feature.*
