

# THUNDERBOLT™ 3 CABLE

**(40 Gbps) (2 m)**

For Device:

- USB-C™/ Thunderbolt 3 devices
- Supports 5K/Ultra HD

## FASTER THAN EVER

Thunderbolt, famed for superfast speeds, high-definition capability, and huge power output, has had an upgrade. Transferring data between Thunderbolt 3 devices at up to a staggering 40 Gbps, this cable is ideal for large volume data and Ultra HD displays. It also supports power delivery up to 100 Watts, and can daisy-chain up to six Thunderbolt 3 devices. Get the most from all your Thunderbolt 3 peripherals with the ultimate smart, high-speed cable.

At a Glance:

- Thunderbolt 3 male to Thunderbolt 3 male
- Transfer data up to 40 Gbps
- Up to 100 W of power delivery
- Supports Thunderbolt/Ultra HD displays
- Thunderbolt certified
- 2m length

Package Includes:

- USB-C to USB-C Thunderbolt 3 Cable
- Regulatory Inserts

# THUNDERBOLT™ 3 CABLE

**(40 Gbps) (2 m)**

For Device:

- USB-C™/ Thunderbolt 3 devices
- Supports 5K/Ultra HD

## BENEFITS:

### FAST DATA TRANSFER

Between Thunderbolt 3 devices, the 2-meter Thunderbolt 3 Cable can support data transfer up to a staggering 40Gbps. For non-Thunderbolt USB-C devices, it's backward-compatible, delivering speeds up to 480 Mbps.

### SUPPORTS ULTIMATE HIGH-DEFINITION DISPLAYS

High-volume data capability makes the Thunderbolt 3 Cable 40 Gbps ideal for high-definition video. Supporting Thunderbolt, 5K, and Ultra HD displays, sharing content between screens is easy, without compromising quality.

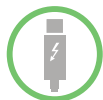

### STAY CHARGED

The Thunderbolt 3 Cable can also supply up to 100W of power delivery for Thunderbolt 3 and USB-C devices that require it, without the need for an additional power supply.

### GREAT LENGTHS

The long 2-meter Thunderbolt 3 Cable ensures a convenient connection in any environment.

### THUNDERBOLT 3 COMPATIBLE

In addition to the rigorous quality testing that all Belkin cables must go through, this cable has also been tested to abide by the Thunderbolt standards provided by Intel. Tested for durability and sustained functionality, the result is a fully Thunderbolt 3 compatible cable with the quality you expect from Belkin.
