compulocks

MAC STUDIO SECURITY ADAPTER

SKU: MSLDG01KL

PRODUCT

This powerful locking mechanism secures your new Mac Studio so you can focus on work.

Our Ledge adapts the "Kensington slot" at the base of the Mac Studio to a regular side lock. A cable lock (either key or combination lock) can be connected to this adapter. This is an efficient, noninvasive and elegant solution that keeps the Studio safe without the need to modify it in any way.

A cable lock with 2 keys is included in the scope of delivery.
