Introduction

Customize an altogether better solution with the HP PC Mounting Bracket for Monitors, which lets you attach your HP Desktop Mini, HP Chromebox, or select HP Thin Client directly behind or under select HP Z Displays, E displays and P displays.¹

Key Benefits

- Maximize your available work area with a single-footprint solution. Simply attach the bracket to the back or the bottom of your display, and your PC platform to the bracket. It's that easy!
- Retain the comfort features of your HP Display. The bracket doesn't interfere with the monitor's height adjustment, tilt, swivel or pivot settings.
- Get the reassurance of a one-year limited warranty.

1. Sold separately. See product QuickSpecs for exact device compatibility.

Features
