

Secure Holder with Key Ring for AirTag

Track your belongings with confidence using our Secure Holder with Key Ring for AirTag. It's available in four distinct and stylish colors (black, white, pink, blue) to accessorize and to organize. Secure Holder's unique twist-and-lock feature ensures AirTag stays in place so it can be attached to your belongings without fear of losing it. Put it on your keys, car remote, luggage, pet, and more with its convenient, sturdy, and secure key ring. Secure Holder's raised edges protect from dings and scratches while its open design allows both sides of AirTag to be visible so any personalization can be easily seen. Also available with a strap instead of key ring.
