## Description

- Duplicates DVI-D video signals on four DVI monitors or projectors from one source
- Supports high quality DVI-D dual link resolutions up to 2560x1600
- Cascadeable up to three additional levels
- Compact, minimalistic design
- 2 year warranty

The Lindy 4 Port DVI-D Splitter is a versatile solution for connecting a DVI-D source device and splitting the signal to four DVI-D Dual Link displays or projectors simultaneously. With support for high quality DVI-D Dual Link resolutions up to 2560x1600@60Hz, this splitter is perfect for creating eye catching multi display digital signage in retail scenarios or engaging multiscreen educational presentations at tradeshow, company training or in the classroom.

The additional ability to cascade this splitter up to three further levels allows for an extended DVI splitting experience, ideal for multi-screen situations such as informational broadcasting in airports, train stations or stock exchange offices.

Please note: the input and output cable lengths may vary based on quality of the DVI-D dual link cable used
