Poly Sync 20+ Speakerphone USB-C/A Adapter (B95VKAA)

Overview

Quality sound made portable

Sound like the professional you are with Poly Sync 20 USB/Bluetooth® smart speakerphone — for conference calls and music anywhere you work. Take it wherever you go — it's got up to 20 hours of talk time.

Dynamic audio

Take conference room-quality audio on the go. Enjoy remarkable sound from meetings to music and reduced echo and noise so you can be heard clearly.

Works the way you do

A programable button puts your favorite function at your fingertips — play / pause music, last-number redial and voice assistant — it's up to you. What's the status of a call? Know from a distance with the highly visible light bar.

Features

Three-microphone array

Experience conference calls with outside noise and distractions tuned out. A three-microphone array focuses on your voice — not the surrounding noise.

Full-duplex audio

Collaboration gets tough when one voice dominates the conversation. Full-duplex audio makes simultaneous conversations a breeze.

Smartphone charger

Stay connected and ready for your calls with the ability to charge your smartphone when on the go via an included USB Type-C® to USB-A adapter.

Up to 20 hours of battery life

Work on the go — the battery is ready for portable use with up to 20 hours of talk time on a full charge.[1]

Wireless connection

Enjoy easy connectivity, however you want to work with your devices — connect smartphones wirelessly via Bluetooth® or to the computer with the included USB Type-C® to USB-A adapter.

Communications platforms

An IT manager's dream, this speakerphone was created for communication and is optimized and certified to work with top virtual meeting providers. [2]
