

## Fingerprint Secure USB Drive

**Capacities :** 32GB & 64GB

**Warranty:** 2 years

Keeping your data safe & secure while on the move is a prime concern - not only for businesses, but also from a personal perspective. Imagine losing your personal files, leaving them on a train or in the back of a taxi, knowing that anyone can access them because they were saved on a standard USB drive. The Fingerprint Secure USB Drive uses a combination of AES 256-bit hardware encryption & biometric technology for complete information security.

### Specifications:

Read Speed: up to 80MB/sec (USB 3.0 host system)

Write Speed: up to 70MB/sec (USB 3.0 host system)

- Sleek aluminium USB 3.0 drive with integrated fingerprint scanner.
- Access using the fingerprint from an authorised user.
