

HyperDrive®

USB-C to HDMI 4K60Hz Cable

Directly connect your USB-C device to a HDMI display, with the HyperDrive USB-C to HDMI 4K60Hz Cable, a universal cable that allows you to easily share 4K HDR content, without the need for an adapter. The USB-C to HDMI cable features a durable braided 8ft/2.5m cable that has been tested to withstand over 25,000 bends. With universal USB-C compatibility*, the cable allows users with an iPhone 15, iPad, Android and other tablet USB-C devices to simply connect and start displaying media in 4K60Hz HDR directly from their mobile device – perfect for video creators, gamers and more.

* USB-C devices with DP Alt Mode support.

SRP: £29.99/€34.99

SKU: HD6007WHGL / UPC: 817110017787

Display your USB-C device on a HDMI 4K60Hz monitor, without the need for an adapter

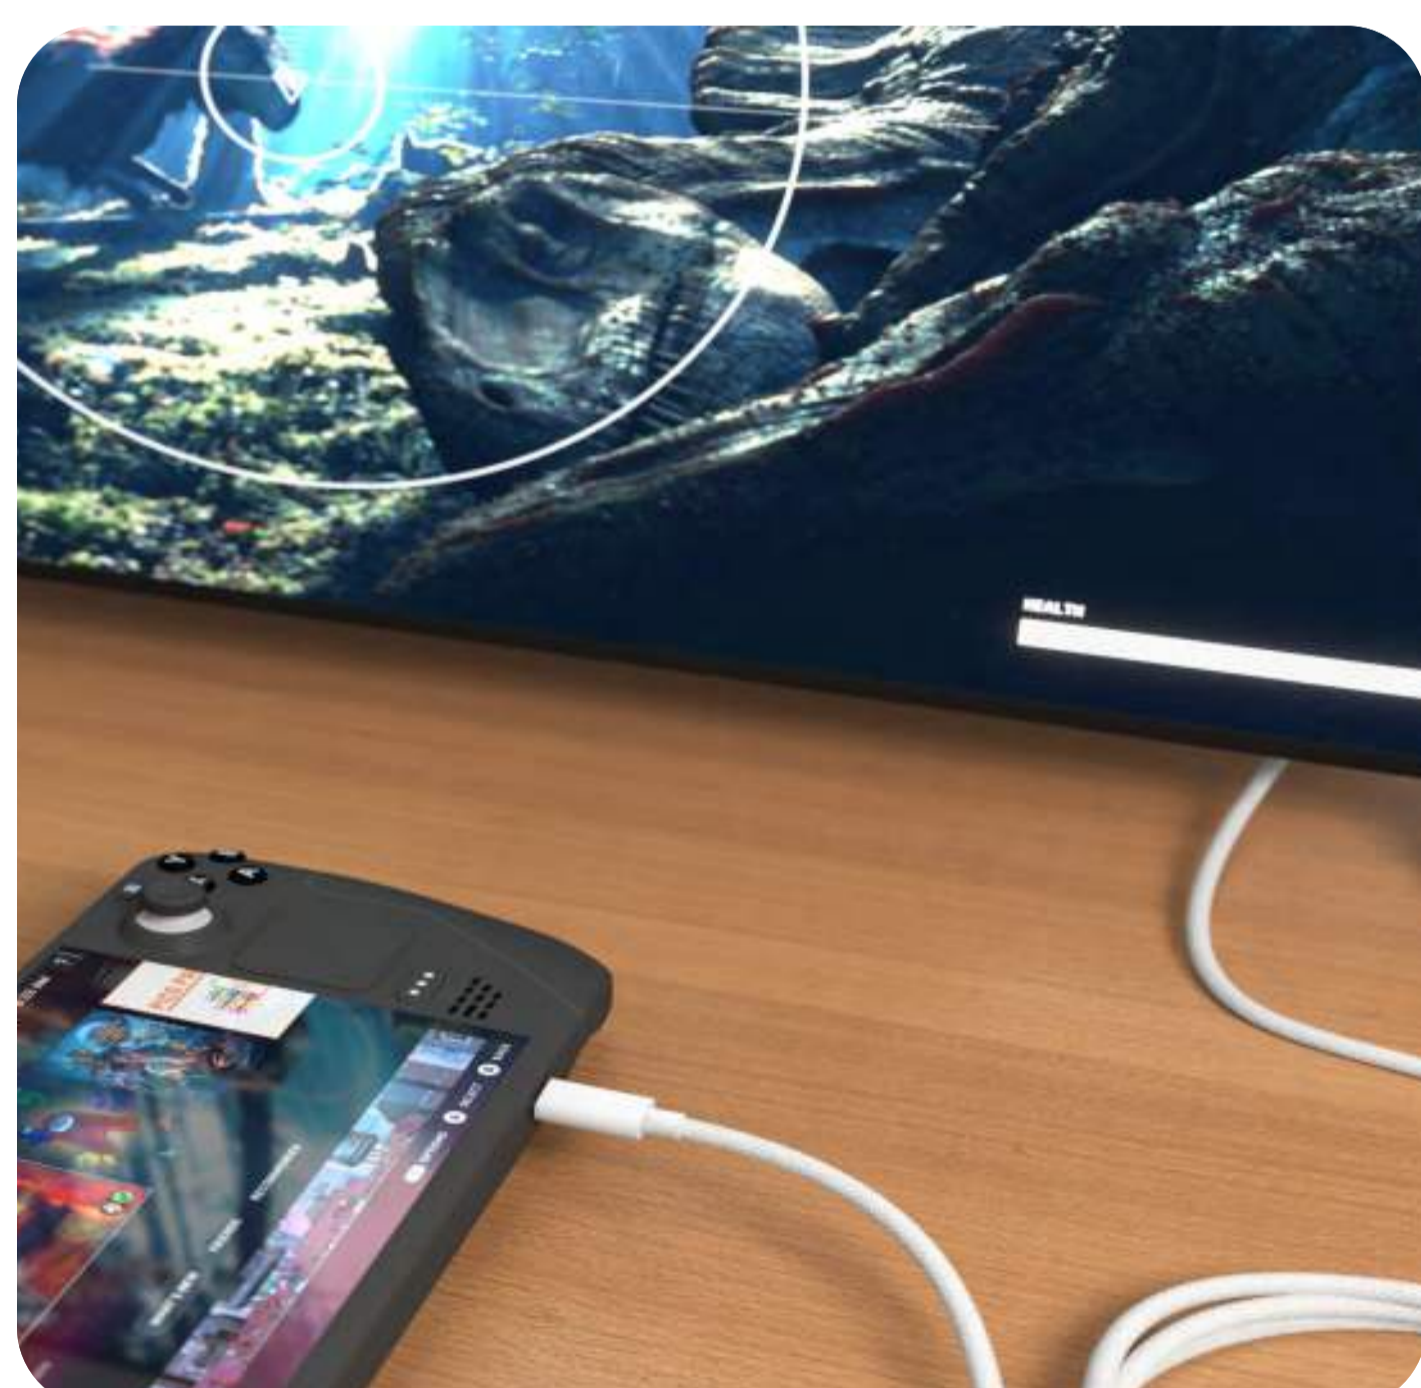

Share 4K60Hz Content with a Single Cable

An all-in-one solution to seamlessly display 4K60Hz video straight from a USB-C device to a HDMI monitor, for enhanced video editing, streaming, gaming, and more.

Simple Plug and Play Design

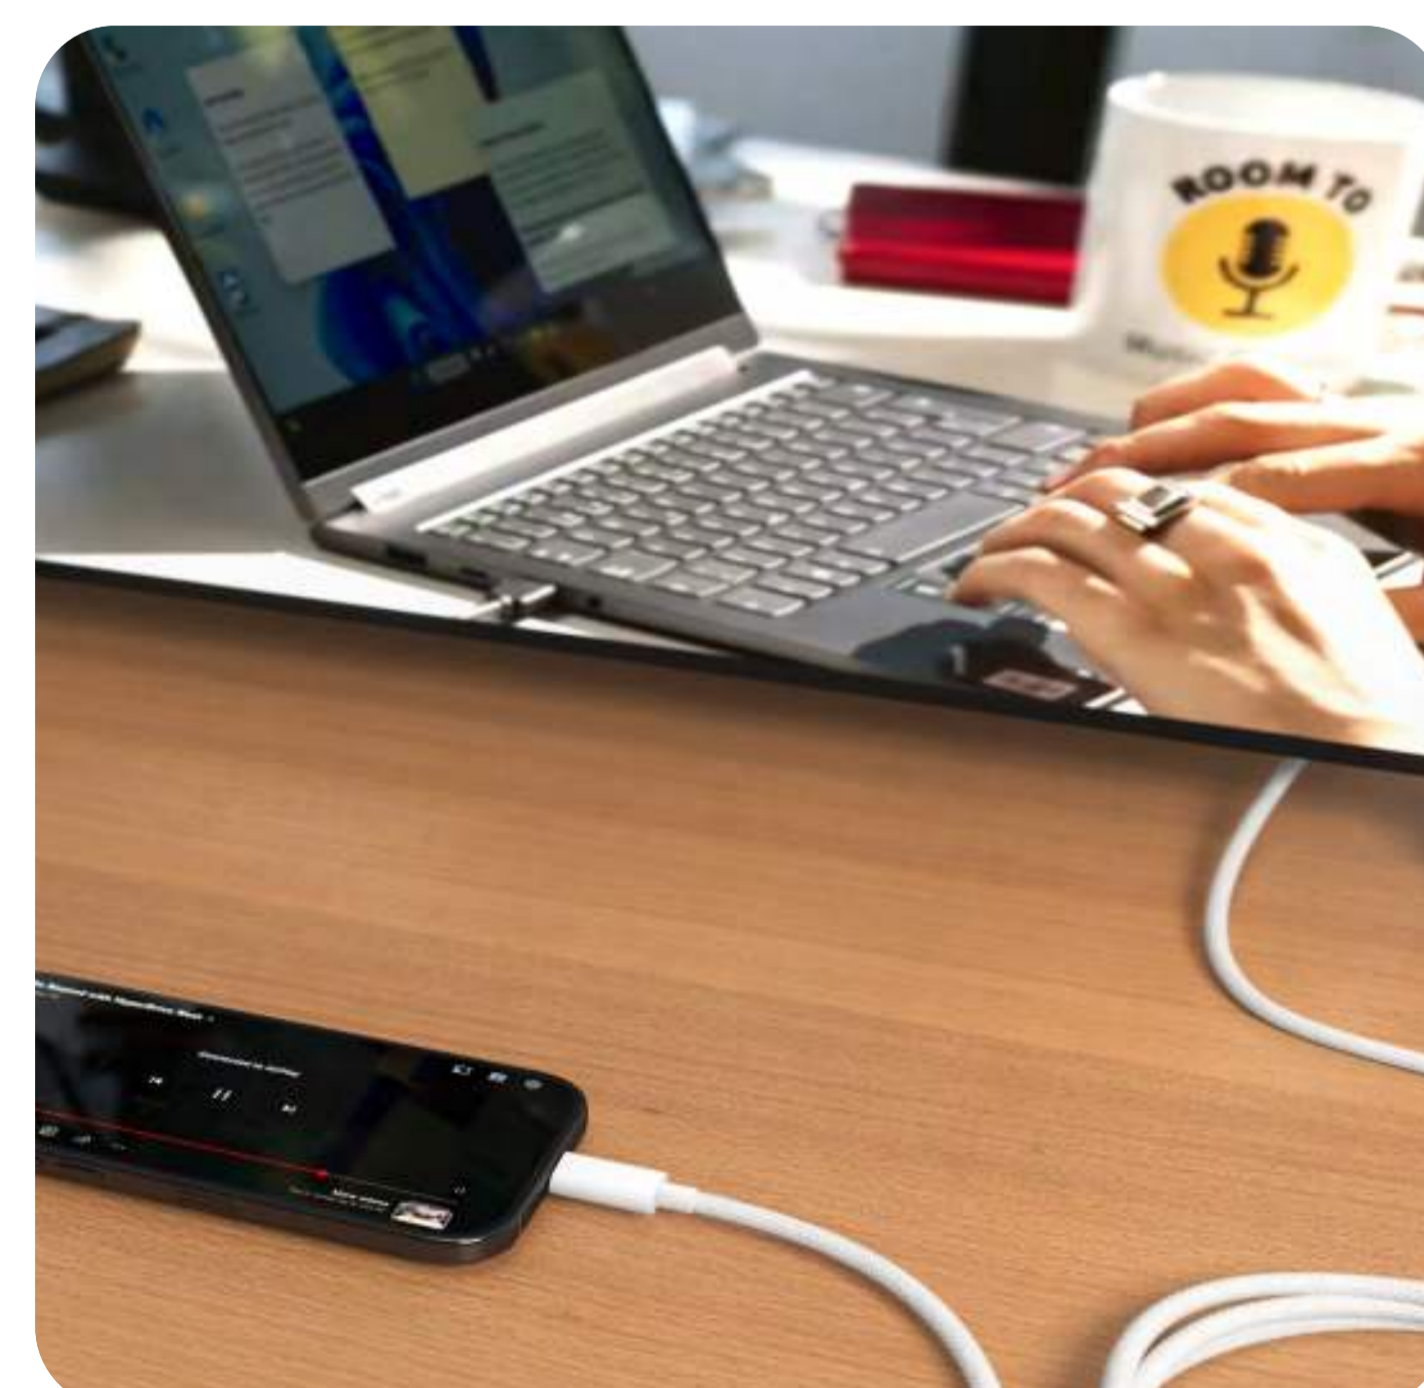

Simply connect your USB-C device to begin displaying media at 4K60Hz resolution. No additional software or drivers need to be installed.

Universally Compatible

Created with universal compatibility in mind, this cable is designed to seamlessly support any USB-C devices* and major operating systems. Easily share media and content from your iPhone 15, Android, iPad and other tablet USB-C devices.

* USB-C devices with DP Alt Mode support.

Display Media Directly From Your iPhone 15 and iPad

Users with an iPhone 15, iPad, Android and other tablet USB-C devices can simply connect and start displaying 4K media directly from their mobile device – perfect for video creators, gamers and more.

Enhanced Durability

Made from a durable, braided jacket of nylon and PVC that has been tested to withstand over 25,000 bends. In addition, the HDMI and USB-C connectors contain 85% recycled plastics.

Flexibility to Display Media Anywhere

The 8ft/2.5m length provides the freedom and flexibility to display media from your USB-C device from anywhere, in the office or at home.
