RD280U | 28.2" 4K+ BenQ Programming Monitor with MoonHalo Backlight

Astonishing Clarity for the Ultimate Coding Experience

BenQ RD280U promotes programming productivity with MoonHalo, Fine-Coated Panel, and advanced coding modes, delivering crystal-clear fonts for improved code differentiation in both light and dark themes adaptable to diverse development work environments. Accessible at a touch of the dedicated Coding HotKey at the center of the function bar, BenQ RD Series coding modes readily helps programmers to achieve a focused state of flow.
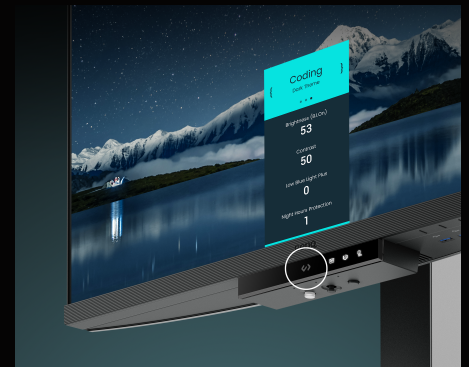

Empowering Programmers with a Fine-Coated Panel

Unlock peak productivity with BenQ's exclusive anti-glare, anti-reflective Fine-Coated Panel designed for programmers. Elevate your coding experience with technology that minimizes distractions, maximizing focus for heightened productivity. Experience clarity and concentration like never before, and unleash your coding capabilities with BenQ's Fine-Coated Panel.
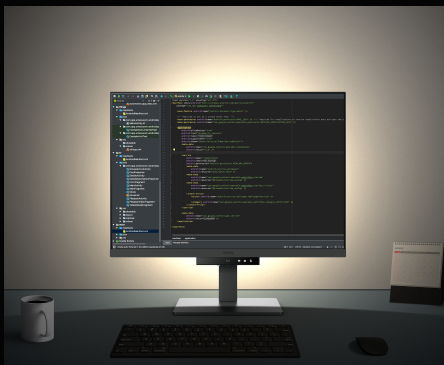

Superior Code Differentiation

BenQ's advanced coding modes ensure crystal-clear fonts and improved codes differentiation, reducing eye strain during prolonged use. With a swift press of the </> Coding HotKey at the heart of the function bar, immerse yourself instantly into the coding realm.

Coding Hotkey and Function Bar for Hands-On in a Snap

Effortlessly boost productivity with our unique Coding HotKey and Function Bar designs. With a swift press of the </> Coding HotKey at the heart of the function bar, immerse yourself instantly into the coding realm.
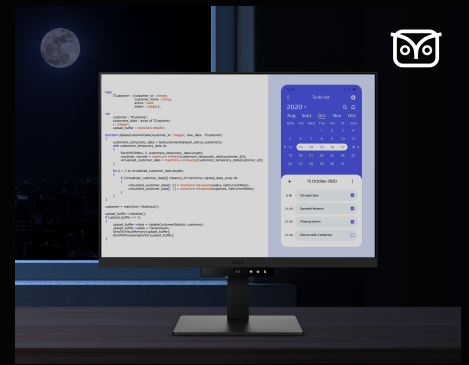

Experience Focus Anytime with MoonHalo

Experience MoonHalo by BenQ – a seamless blend of immersive illumination and comforting ambiance. With customizable color temperature, brightness, and light modes, along with Auto Dimming powered by B.I. Gen2, MoonHalo ensures optimal eye protection and focus, anytime whether you're working from home or the office.

Achieve More and Scroll Less

With a rare 3:2 ratio design, RD280U is crafted for coders to provide them with an expansive field of view.

3 : 2   16 : 9

Night Hours Protection

Benefit from minimum brightness technology for reduced eye strain, discover enhanced eye protection during night hours and dark room usage with our Night Hours Protection. Its intelligent ambient light detection and auto-switch capabilities require minimal user intervention, ensuring effortless and consistent eye care.
