KVM Switch 2-port DP DualHead

Article number: 4098950

The KVM switch lets you operate multiple computers via a central console of keyboard, mouse and monitor. Using a button on the KVM switch or a hot key combination on the keyboard you can switch back and forth between computers. This KVM switch has two DisplayPort connections for each PC and is therefore ideal for two monitor applications. The KVM switch also features a 2 port USB hub for switching additional devices such as USB sticks and printers. The audio input and USB hub can be switched independently. This KVM switch supports resolutions of up to 2560 x 1600. No connection cables are supplied.

- Please note: Cables are not included.
- 1:2 KVM switch with dual DisplayPort connection
- Integrated 2-port USB hub
- Switch via hotkey or buttons
- Resolution up to 2560 x 1600
- Sturdy metal desktop version
- Separate audio and microphone connections

Connectors:

- Input: 2 x DisplayPort female, 2 x USB Type-A female (for mouse and keyboard), 2 x USB Type-A female (USB hub), 2 x 3.5 mm audio female
- Output: 4 x DisplayPort female, 2 x USB Type-B female, 4 x 3.5 mm audio jack female, 1 x DC female
