

200W Laptop Power Bank

SRP: £119.99/€129.99

[illegible]

200W total output with 140W USB-C charging, built to power laptops and multiple devices at once

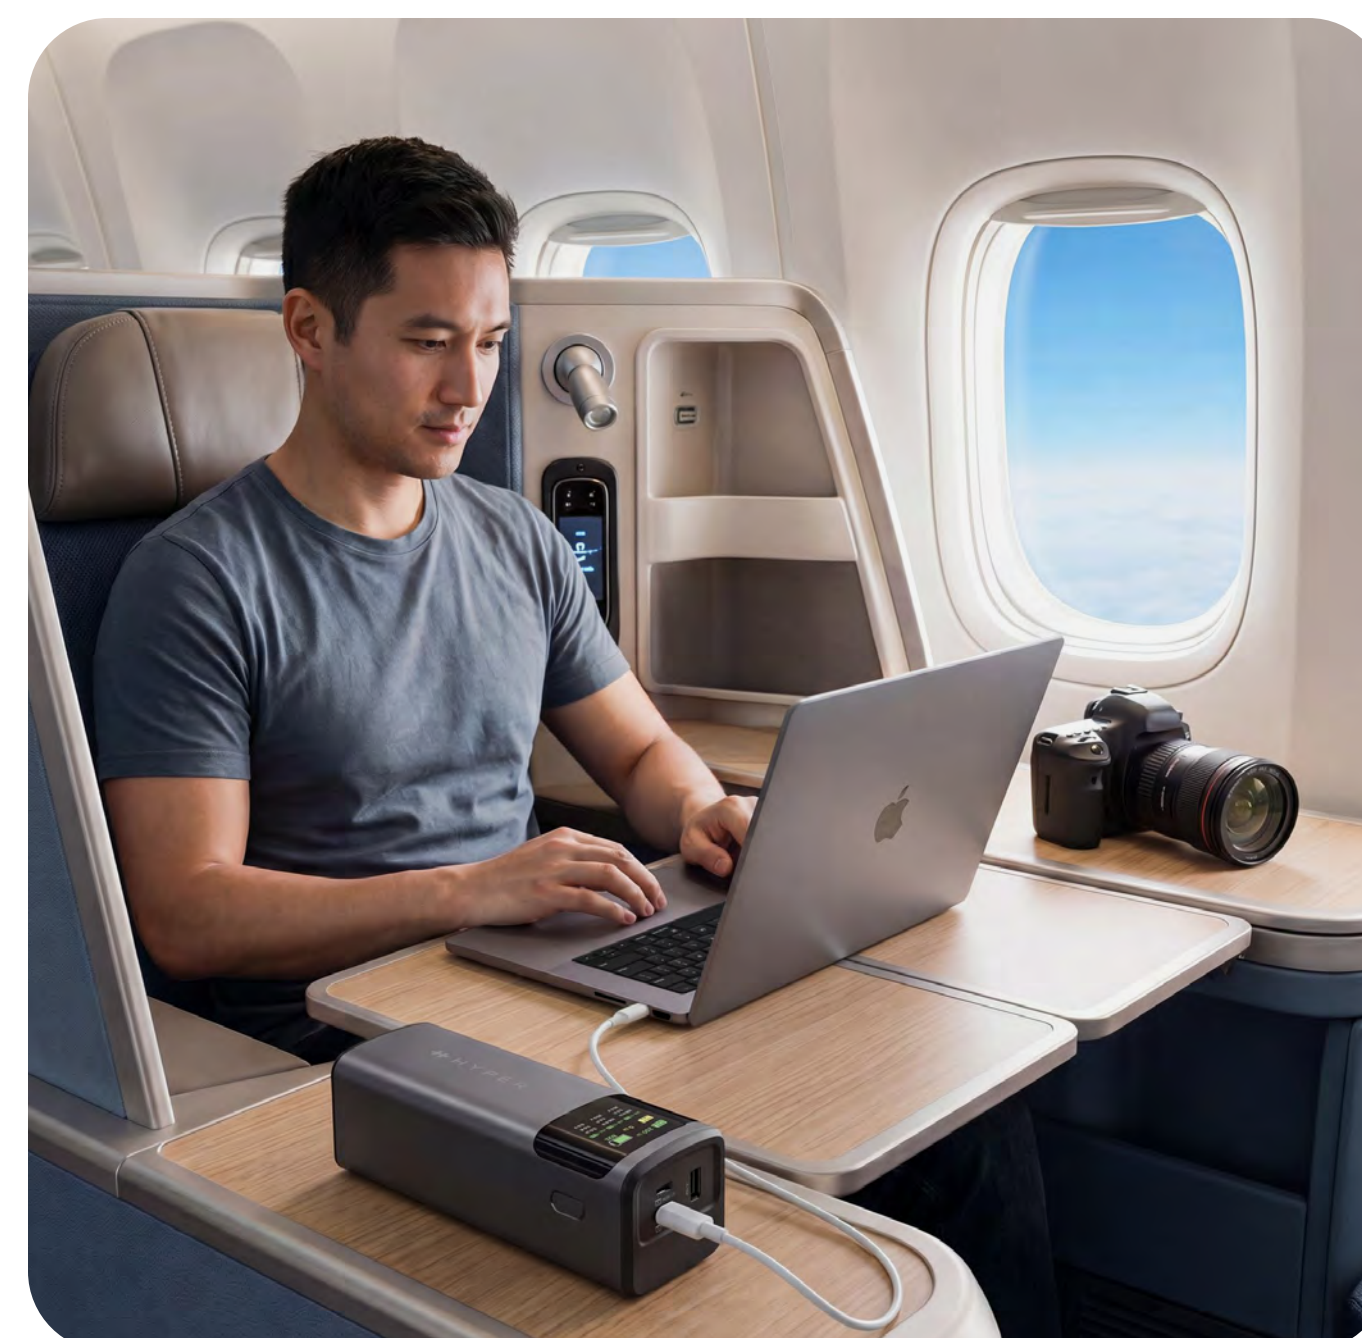

Deliver up to 200W of total output,
powerful enough to charge two laptops at
once, or run your full multi-device setup
from a single power source.

Extended battery capacity provides reliable power for laptops, tablets, and smartphones when you're away from a power source.

Support up to 140W per USB-C port using PD 3.1, making it capable of charging demanding laptops at full speed.

Meets airline battery regulations for carry-on luggage, so you can travel with high-power charging wherever you go.

Power your full setup with two USB-C ports and one USB-A port, allowing you to charge multiple devices simultaneously.

Recharge the power bank via USB-C with up to 100W input, so you can get back to full power faster and stay ready for your next session.
