Product **Description**

Designed to meet the productivity and security needs of enterprises and educational institutions, the VPC-A31-O1 is an Android Enterprise Device Licensing Agreement (EDLA) certified Slot-in PC. Equipped with a customizable Android 13 launcher and myViewBoard digital whiteboarding, device management and screen casting software, the VPC-A31-O1 offers full Google Play Store access with automated updates and other Google API Services. Split-screen multitasking delivers a fluid workflow for effective collaboration, enhanced by preinstalled Google Chrome, Maps, and YouTube, alongside essential Google Workspace apps like Gmail and Google Drive. With integrated robust security measures, compliance standards, and administrative controls, the VPC-A31-O1 safeguards your data.
