

HPE Education Learning Credits

- Are you implementing new products or technologies?
- What are your plans to prepare your team for digital transformation and hybrid cloud?
- Do your people have the right skills and knowledge to drive better business outcomes and deliver a higher return on technology investment?
- Do you have new hires in your IT department that need to quickly come up to speed?
- How will you mitigate the risk of technology transition and minimize the potential disruption to business operations?

HPE Education Learning Credits support digital transformation

To meet the challenges of accelerated digital transformation, you need a highly skilled workforce. To achieve the right skills and keep pace with rapid technology change, your organization requires an agile and flexible skills development program to provide just-in-time training.

With HPE Education Learning Credits, you prefund training by purchasing credits ahead of time and redeem the credits as needed to meet training requirements. By prefunding training, you stretch training budgets, align with the budget cycle, streamline purchasing, simplify registration, and improve training management. But most importantly — your staff gets the expertise and skills they need to address the demands of the current IT landscape.

HPE Education Learning Credits can be redeemed for any technical training or other educational solution offered by [HPE Services](#). Our offering includes training and services across a wide array of HPE solutions, industry technologies, and business skills topics. To meet individual and organizational learning preferences, we offer multiple ways to learn — including, instructor-led training, virtual instructor-led training, eLearning, and continuous learning through HPE Digital Learner subscriptions. The breadth, depth, and flexibility of our offering means your team gets the right training, at the right time, in the right format. If you need advice or assistance with choosing technical training courses, subscriptions, or tailored learning options specific to your business needs, contact us at hpe.com/ww/learn.

How to use HPE Education Learning Credits

HPE Education Learning Credits are prepurchased credits that you redeem for any course or service offered by [HPE Services](#). To take advantage of this convenient purchasing option, you simply buy a quantity of credits to meet anticipated training needs, then redeem the credits as needed within your eligible redemption period.

All HPE Education Learning Credits can be redeemed for any course in our catalog (hpe.com/ww/learn).
