belkin

BOOST↑CHARGE™PRO
4-Port GaN Charger

Charge your MacBook Pro at full speed with Belkin's 4-Port USB-C® GaN Charger 108W*. With 2x USB-C and 2x USB-A ports, you can easily and conveniently charge your laptop, iPad, iPhone, and Apple Watch. Also supports a wide range of Samsung, Google, PC, and other compatible USB-C laptops and devices. Featuring GaN technology to deliver higher wattages with increased charging efficiency. Its off-the-wall design gives you the convenience and comfort of having access to multiple charging ports right on your desk.

Product Benefits

- Integrated GaN technology for a powerful and safe charging experience.

- Supports multi-device charging with 2x USB-C and 2x USB-A ports.

- Supports Power Delivery 3.0 to fast charge one or two compatible devices through its dual USB-C ports.

- When one USB-C port is in use: charge a MacBook Pro from 0–50% in 39 min.*

- When two USB-C ports are in use: charge an iPad from 0–50% in 39 min. and iPhone 12 Pro, iPhone 13 Pro, from 0–50% in 26 min.†

- Provides maximum 108W of total power of charging when a single USB-C (96W) and shared USB-A ports (12W) are in use. Intelligent power sharing recognizes power needs and distributes output to up to 4 connected devices.

- Convenient off-the-wall charger comes with a 6.6 ft./2m power cord so the charger can be placed on a desk, nightstand, or other location to make plugging and unplugging a breeze for easy mobility, accessibility, and use.

- Universal charger works with Apple, Samsung, Windows, and other compatible USB-C laptops and devices.

Package Includes

- 4-Port GaN Charger
- 6.6 ft./2m AC power cord

Technical Specifications

- Height: 1.25 in./31.50mm
- Width: 3.2 in./80mm
- Depth: 3.9 in./98.50mm
- 6.6 ft./2m AC power cord
- 108W

BOOST↑CHARGE™PRO
4-Port GaN Charger

The Belkin BOOST↑CHARGE Family

A family of power products with fast charging in their DNA. Designed to integrate seamlessly to any environment to deliver fast, safe power at home, in the car, or on the go. Smart circuitry detects the connected device to deliver optimal charging, while universal charging protocols such as USB-A, Lightning connectors, and USB-C offer widespread compatibility.

The Belkin BOOST↑CHARGE Family Characteristics

- Faster charging than standard 5W
- Widespread compatibility
- Portability
- Smart circuitry detects connected devices to deliver optimal charging
- Certified by relevant bodies for compatibility (examples include USB-IF, MFi)
- Connected Equipment Warranty up to €2000

The Belkin Difference

- Pioneer in innovation and technology for over 35 years
- Rigorously tested to ensure safe charging for users and their devices
- Covered by a 2-year product warranty and a €2000
- Connected Equipment Warranty for total peace of mind
