Patch Cable RJ45 S/FTP Cat6a

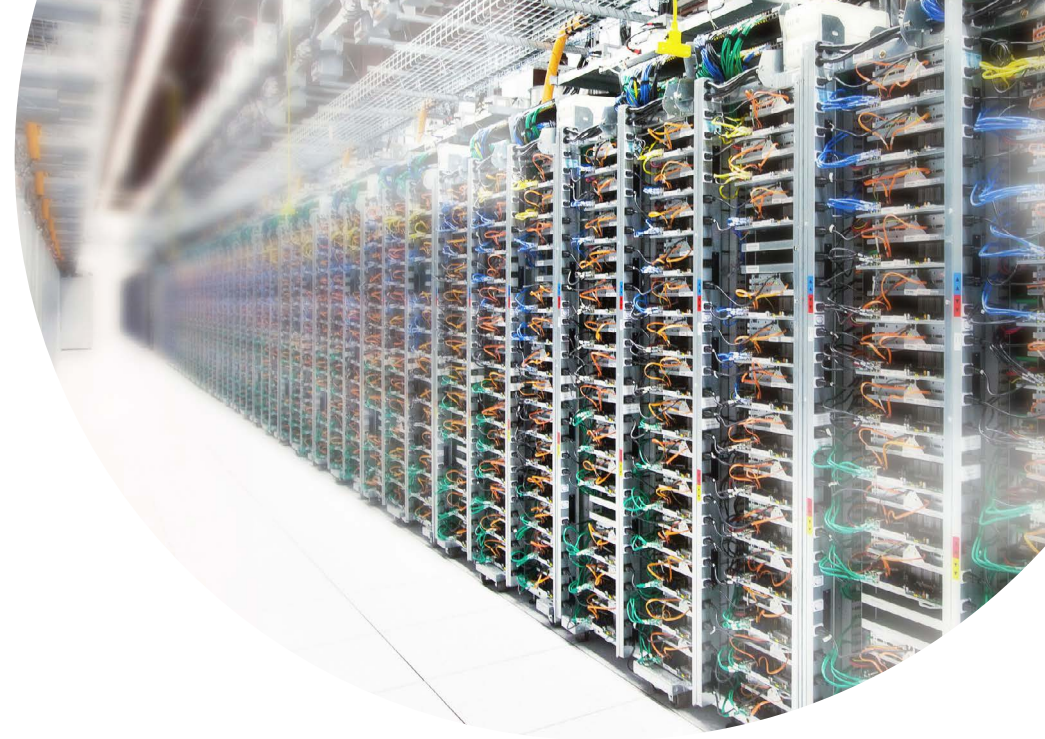

Article number: see below

Our ARTICONA patch cable range meets highest quality standards and is constantly being further developed. The shielded Articon cat. 6a patch cable is thin, flexible and halogen-free. This is made possible by combining the TPE-LSZH jacket with AWG 28 copper conductors. The cables are available in different colors and lengths which simplifies the overview and the installation.

- Flexible, halogenfree outer jacket made of TPE
- Thinn S/FTP cable with only 4.5 mm outer diameter
- Inner conductors made from Copper AWG 28
- Flame retardent according to IEC60332-1-2
- PoE Support for PoE/PoE+/PoE++
- Data transfer rate up to 10 Gb/s

Specifications

Product type	Patch cable (RJ45)
Cable category	Cat6a
Shielding	S/FTP (PiMF)
Pin assignment	Straight-through
Class	Price / performance
Connector manufacturer	ARTICONA
Halogen-free	Yes
Special features	Very flexible
