technology
for all

Lenovo

This compact convertible powered by the new AMD® 3015e series mobile processor is agile, rugged, reliable and exceptionally lightweight. The 360-degree hinge allows for use across four modes – laptop, tablet, tent, and stand – enabling better task compatibility and efficiency. The optional world-facing 5MP camera makes it easy to capture photos and insert into projects and presentations - all on one device.

REASONS TO BUY

Take notes, annotate documents and sketch ideas with the optional digital pen which automatically recharges when docked inside the laptop. The touchscreen also supports use of a regular pencil for basic drawing and note taking.

All-new Wi-Fi 6 capability means users can now enjoy faster connectivity while connecting virtually with colleagues, and uploading files, and 4G/LTE keeps remote workers connected in a world beyond Wi-Fi.

Perfect for everyday productivity tasks including cloud-based productivity software like Microsoft Office 365.
