

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

Portable TB3 Dock HDMI/DP

Article number: 4547113

ARTICONA's portable TB3 Docking is perfect for everyday office use. It supports resolutions up to 4,096 x 2,160 pixels at 60 Hz, with two connected monitors and up to 7,680 x 4,320 pixels at 30 Hz, with one connected monitor (DisplayPort). It is compatible with Windows and Mac OS, but only compatible with notebooks with a Thunderbolt 3 connection.

- Integrated 20 cm cable, Thunderbolt3 (USB-C)
- The RJ45 port of the docking supports the PXE boot function of the connected notebook / PC (if it also has this function)
- Compatible for Windows and Mac OS, but only with notebooks with a Thunderbolt 3 connection

Please note that a power adapter is not included. The notebook's USB-C power supply can be used, or you can purchase one separately.
