INFORMATION

65" OS-Free Professional Touch Display for Maximum Security and Full IT Control

The ProLite TN6505A-B1AG is a large-format professional touch display, without an operating system, designed for environments where security, reliability and control are non-negotiable. Despite its minimalist structure, the TN6505A is exceptionally easy to use: simply connect your source and it works. The responsive multi-touch panel, 4K UHD resolution and high brightness deliver a precise and professional experience for collaboration, presentations and interactive applications. Built-in annotation allows users to write directly on the screen with a pen, marking up presentations or any on-screen content in real time for clear and effective communication. The TN8605A is the ideal choice for banks, courts, defence organisations, IT departments, universities and other high-security or compliance-driven environments where simplicity, transparency and trust are essential.

Aesthetics which Elevate Any Environment

Modern, minimal, and made to elevate any environment—this design blends seamlessly into classrooms and boardrooms alike. It's not just a display; it's a statement. Clean lines, premium finish, and a presence that enhances focus and professionalism without stealing the spotlight.

DeepContrast-IR+

The state-of-the-art DeepContrast-IR+ technology ensures accurate and precise touch responses, enabling effortless interaction and annotation.

Standalone Solution & Connectivity

The OPS PC Slot offers a convenient standalone solution, allowing easy integration without the need for additional devices. The USB-C connection provides seamless connectivity, enabling quick data transfer, video output, and power through a single cable for enhanced versatility and ease of use.

Wall Mount

The included wall mount bracket ensures secure and stable installation of your display. Designed for easy setup, it supports VESA compatibility and offers a sleek, space-saving solution. Its durable construction guarantees reliability, making it ideal for classrooms, offices, and meeting rooms.
