GRS Pro 14.1" (35.8cm) Sleeve

Article number: 4933730

Our ARTICONA brand delivers high-quality and reliable IT products at a price that won't blow the budget to boost workplace efficiency.

Protect your notebook/tablet in a simple, effective way with lightweight ARTICONA sleeves.

Available in 3 sizes.

These ARTICONA sleeves support the circular economy as they are mainly made out of recycled PET.

For notebooks and tablets up to 14.1" (35.8 cm).

Highlights:

- Main compartment with double zip.
- Accessory compartment with 1 zipper.
- Lining protects from scratches.
- Water-repellent exterior.
- The main material consists of 100% recycled R-PET polyester from PET bottles or recycled fibres from old clothing.

Depending on its size, four to five plastic bottles are used to make every sleeve.

ARTICONA is giving used plastic bottles a second life. This way, they don't end up as rubbish in the ocean but are transformed into sleeves protecting the oceans and your devices.

There still needs to be some research into how recycled and dyed polyester, such as that used in this product, can itself be recycled and re-used to give the raw material a third and even fourth life (July 2022).

With this ARTICONA sleeve we are contributing to the circular economy as much as possible, through the demonstrable use of recycled materials.
