

Surface Pro X Signature Keyboard with Slim Pen

Transform your Surface Pro X
into the most versatile laptop

MARS

"MARS associates now finish things on the road instead of waiting until they get back to the office. Field associates use Surface Pro in store walk-throughs, use Office 365 to connect with other team members, and resolve issues in one day instead of a week."

Joe Carlin, Technology Service Delivery Director, MARS, Incorporated

Always ready at your fingertips

- New Surface Slim Pen stores securely and recharges in Surface Pro X Signature Keyboard.
- Typing and writing in one, without the bulk, Surface Pro X Signature Keyboard delivers fast and accurate typing like a traditional, full-size keyboard, plus natural on-screen writing, with Surface Pro X.*

Best in class typing

- Features a full mechanical keyset, backlit keys, and large glass trackpad for precise navigation and control.
- Optimum key spacing supports fast and accurate typing.
- Magnetic stability provides a stable typing experience.
- LED backlighting helps in low-light conditions.

Adjusts instantly

- Adjusts to virtually any angle to work comfortably at your desk, on a plane, or at the coffee shop. Use with Kickstand open on your Surface Pro X.*
- Clicks easily and securely into place to instantly transform Surface Pro X * from tablet to laptop.
- Fold back for Tablet Mode — simply fold Surface Melbourne all the way back like a magazine. The keys are automatically disabled in this position.
- Protective and power saving — just close the soft, protective cover over your screen to shield the touchscreen display from damage and conserve battery life.

Designed to last

- A touch of comfort — sleek and smooth, for a premium typing experience like no other.
- Designed to last — the luxurious, specially-treated Alcantara® material is incredibly durable, resists stains, and wipes clean.

*Sold separately.
