1 Screen has rounded corners. When measured diagonally as a rectangle, screen size is the measurement specified above. Actual viewable area is less. Dimension may vary by configuration and manufacturing process. 2 Not available for all apps or content. 3 Maximum resolution and field of view not available for all camera apps or modes. 4 For Pixel Fold, 7 Pro, 7 and 7a phones: Estimated battery life based on testing using a median Pixel user battery usage profile across a mix of talk, data, standby, and use of other features. Average battery life during testing was at least 31 hours. Battery testing conducted on a major carrier network. Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower. 5 Face Unlock available on outer display only. 6 Designed to comply with the above-specified dust and water protection rating under IEC standard 60529 when each device leaves the factory but the device is not water or dust proof. The accessories are not water or dust resistant. Water resistance and dust resistance are not permanent conditions and will diminish or be lost over time due to normal wear and tear, device repair, disassembly or damage. Dropping your device may result in loss of water/dust resistance. Liquid damage voids the warranty. See g.co/pixel/water for details.
