

Targus® 24-inch Secondary Monitor

- 24-inch, Full HD1080p backlit LCD display with wide angle viewing (23.8-inch diagonal viewable area). Provides resolution up to 1920 x 1080 @ 60 Hz
- Adjustable height, screen tilt angle, 360° rotation, and portrait/ landscape mode
- Designed to work with Targus® 24-inch USB-C® Docking Monitor with 100 W Power Delivery (DM4240PEUZ sold separately) for productive, dual-display setup
- 1x HDMI 1.4 video port
- 1x DisplayPort™ 1.2 port
- 1x VGA port
- 1x Audio port
- Cable management clip included & VESA® 100 mount capable
- Includes DC power cable and DP daisy chain cable

Specifically designed to work with the Targus® 24-inch USB-C® Docking Monitor with 100 W Power Delivery (DM4240PEUZ sold separately), the 24-inch Secondary Monitor seamlessly extends your workspace display setup. Daisy-chained to the primary monitor using a single adapter — sufficient to power both monitors plus your laptop — this combination will help you be more productive while maintaining a clutter-free workspace. A comfortable viewing design and high-resolution graphics make this secondary monitor the perfect addition for productive professionals to expand their desktop.

With adjustable height and screen angles, you can work both displays in portrait or landscape mode with full 360° screen rotation while enjoying clear, crisp colors and 178° wide angle viewing. For ultimate comfort, try a Blue Light Filter Screen Protector or a 4Vu™ Privacy Screen made to fit your 24-inch monitor (Targus Blue Light Filter and privacy screens sold separately).
